

BOROKLENE

Description

Boroklene is formulated for cleaning and preserving firearms from the corrosive effects of the atmosphere. Based upon a highly polar material, which has an affinity to metal surfaces to such a degree that it will displace moisture from surface and replace with a thin film that resists oxidation, although soft, is extremely tenacious.

Meets US Military Specification No. MIL-C-372 C.

Direction For Use:

- * Apply Boroklene adequately with a cotton swab or felt on inner and outer surfaces to remove primer salts and other deposits.
- * Thoroughly clean with a cotton swab of felt.
- * Re-apply Boroklene lightly with a clean swab or felt to prevent from Rust and Corrosion.
- * Apply Boroklene after every six months or firing.
