

**CPC-500**

**Description**

CPC-500 is a clear, wax based rust preventive film which bonds to metal surfaces to seal out oxygen and prevent rust and corrosion. Ideal for medium term protection of parts, pipe and other items in storage or transit. Does not become brittle, may be used to coat flexible tubing and similar items. When desired, it can be easily removed with any light petroleum solvent.

**Technical Data**

<u>Characteristic</u>	<u>Value</u>
Penetration, Unworked	90-140
Viscosity at 100°C	1.7-25cSt
Melting Point, min	64 °C
Flash Point, closed, min	235°C

**Must not be mixed with conventional soap based greases**
