

HYDROSUPER-FR

Fire Resistance Hydraulic Oil

Description

HYDROSUPER-FR is a full synthetic ester type fire resistant hydraulic fluid with excellent resistance to ignition and flame propagation. It contains anti wear agents and rust inhibitors.

Operational Benefits

- * Synthetic ester, fire resistant
- * Good lubricating properties, good antiwear properties
- * Excellent antifoam performance, very good resistance to oxidation, very good filterability
- * Low pour point, low volatility
- * No toxic

Applications

All hydrostatic hydraulic systems operating near hot points under following operating conditions

High Pressure
High Temperature

Especially in mining and steel industry equipment

NB: Care should be taken to ensure that the seals and paints used on the equipment are compatible with ester type products.

Technical Data

<u>Characteristic</u>	<u>Value</u>
Viscosity	
@ 40°C mm ² /s	60
@ 100°C mm ² /s	12
Viscosity Index	124
Cleveland Flash Point °C	254
Pour Point °C	-43
Self Ignition Point °C (ASTM 02155)	400
