

PAINT-OFF

Description

Paint-Off is a fast action deep penetrating paint remover that easily and quickly removes most paints, varnishes, lacquers primers and enamels effectively.

Operational Benefits

- * Paint-Off has a balanced drying action, which allows penetrating deeply and breaks the bond between paint and metal.
- * Washes off with cold water, leaving a clean surface that is ready for immediate repainting. No need for after neutralization.
- * Safe and non-corrosive to most common metals and is non-flammable.

Applications

Apply with brush, swab or with non-atomizing sprayer. Let it stand until finish is blistered and loosened. Remove with high-pressure rinses or scrapper.

When paint is particularly hard to remove, scour surface light with Paint-Off saturated brush. This will work up slurry and help to remove the last particles of paint that have not been loosened.

Caution

Contains chlorinated hydrocarbons and phenolic bodies, avoid contact with skin, eyes and clothing. Use adequate ventilation.
