

SOLVIKLENE

Description

Solviklene is a fast acting heavy-duty engine degreaser. It makes the most stubborn soils water rinsable. Solvikleen quickly penetrates through the thick soil layer and emulsifies heavy grease, oil and other soils into millions of tiny globules. Water rinses completely removes the soil.

Solviklene removes the heaviest of soils like heavy stubborn grease, center compound, bituminous the materials, waxes and a host of other obdurate contaminants.

Operational Benefits

- * Saves time and effort
- * Cost effective
- * Leaves no residue
- * Suitable for use with most equipment
- * Effective cleaner
- * Rinses off with water
- * Non-acid, non-alkaline

Caution:

Solviklene is used at room temperature. Apply with brush, swab or trigger spray and allow to stand for 5 – 10 minutes then water, be alert for hazard on hot surfaces.
